## Welcome

All visitors are charged a fee to enter the park. Why a visitor fee? Excess people, including infants cause crowds at the lake, pools & activities. These crowds also lead to strains on utilities (water, sewer & electric). Visitors pay so you, the campers, don't have to. Visitors must register in the office & obtain a hanging car tag prior to entering the park. Please advise your visitors of the Visitor Fee. You may pay for your visitors in advance at the office. Visitors may not bring pets. Your visitors are your responsibility. Minimum stay may be required at times.

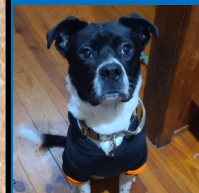

**Site Request:** Although we do our very best to accommodate your site requests, **We can not guarantee a specific site #.** We do not want to disappoint our guests if something unforeseen occurs & we have to change your requested site. Therefore we ask you to give us 3 choices when you make your reservation so that we can try to accommodate your request. A reservation guarantees a type of site, not a specific site #. Sorry, we cannot guarantee two or more sites together. You will be given your site # upon check in. Please understand that many factors are considered in assigning sites: size of unit, date reservation was made, duration of stay & desire to keep multi-site reservations close. Those arriving early should not expect park staff to relocate another camper's site assignment simply because that camper has not yet arrived. We reserve the right to substitute campsites.

## EXPRESS CHECK-IN:
